Good afternoon-

We are aware the Menominee Tribe sent a letter (attached) to EPA and the Corps shortly after Senator Baldwin's letter was sent last month.

In their letter, the tribe requested consultation with EPA and the Corps in regard to 404 permitting related to the mine. They have also requested the Corps conduct an approved jurisdictional determination at the approved location before the state of Michigan moves forward with the final permit.

Has consultation with the Tribe been scheduled by either agency?

Also,

Is there a plan to conduct an approved jurisdictional determination?

Thanks,

Meghan
